Train crushes car

Frank Vance dies in train, automobile crash at Ave.K

Requiem Mass for Frank X. Vance, 68, a Hondo resident for more than 40 years, was held in St. John's Catholic Church in Hondo at 10 a.m. Monday, January 15.

Death came to the recently retired County Attorney at 4:10 p.m. Thursday, January 11, 1973 when his car was struck by a freight train at the Avenue K railroad crossing in Hondo.

Vance was driving south and the train was heading west and witnesses said that apparently he never saw the approaching train. The engine struck his car almost in the middle of the driver's side and dragged it some 157 yards, all the way past the Avenue M crossing.

Vance apparently was still alive when removed from his car, but death came a short time later.

Francis (Frank) Xavier Vance was born in Devine, Texas on May 4, 1904 to the late John Vance and Constance Thompson Vance.

He graduated from Southwest Texas State Teachers College (now Southwest Texas State University) at San Marcos and received his law degree from Georgetown University in Washington, D.C.

Frank Vance moved to Hondo some 40 years ago and established a law practice. He served as City Secretary from 1942 to 1961 and on April 5, 1961 he became City Attorney.

Vance was first elected to the office of County Attorney in 1938 and served to 1946 and was re-elected in 1960 and served from 1961 until he retired December 31, 1972.

He was married to the former Dorothy Lobitz who preceded him in death.

Surviving are five sons:

Drug Shoppe burglarized

Nearly \$1,000 worth of narcotic drugs were taken from a local pharmacy late Monday evening or early Tuesday morning. Intruders broke into the Drug Shoppe at the corner of Avenue K and 20th Street and escaped with narcotic drugs totaling a retail value of about \$1,000 according to Jack Gruber, owner and operator of the pharmacy.

The burglary occurred sometime between 6:30 Monday evening and about 8:30 Tuesday morning when the store opened for business.

Police said entry to the building was made by forcing open a drive-in window. Officers said the intruders cleaned a portion of the pharmacy containing only the narcotic drugs and left other medications, money and a gun.

Hondo merchants offering 'Good Neighbor Days'

"GOOD NEIGHBOR DAYS" is the theme under which Hondo's businessmen are welcoming your visit to their shops and business offices this week.

Reliability, dependability and trust are the basic needs for all business transactions and you will find these here in Hondo because you are doing business with friends and neighbors. There is no frustration here; you can buy with confidence for all your family and personal needs knowing that the Hondo businessman is trustworthy and that he values your friendship as well as your patronage.

You can trust your local merchant to provide the highest quality products or services at the fairest and most reasonable prices. When you shop here in Hondo you are met with friendliness and courtesy. The shopkeepers

and their salespeople know you and recognize you as their neighbor and are eager to serve you. They assure you that based on your total expenditures for any given period of time, your savings will probably be greater than you can make by following the loudly touted "leader" specials of the "big city."

The business firms of Hondo are good neighbors; they support our community; they employ many of our people; they contribute to the local charities and to the local organizations; they provide their fair share of the tax dollars needed to operate our city and are sincerely interested in the future of Hondo.

See your good neighbor businessman or merchant this week. He likes you. Sponsors are Dan's Drugs, Medina Savings Association, Ben

Highway 90 meeting scheduled February 16

Every mile of Highway 90 from San Antonio to Del Rio will receive a good "going over" on Friday, February 16

when representatives from towns along that stretch of the federal and state road gather in Hondo.

State Representative John Poerner of Hondo has arranged the meeting and said Friday that there is a possibility that

J. C. Dingwall, retiring Texas Highway Department leader, might be present. If not, perhaps, the new director, B. L. DeBerry, will be here.

Also expected to represent the Highway Department are Robert Litton, district engineer from San Antonio, and Fred Clark, district engineer from Del Rio. Other resident engineers, including C. E. Hackebell of Hondo, are expected to attend.

Purpose of the meeting is to discuss every aspect possible on Highway 90. This will include: four lanes, problems inside city limits, bridges and "any other thing that can be discussed to improve the highway".

Invitations for the meeting will be sent to Chamber of Commerce presidents from Castroville, Hondo, Sabin, Uvalde, Brackettville and Del Rio.

Also to be invited from these cities will be the mayors and councilmen, as well as the judges and commissioners of Medina, Uvalde, Kinney and Val Verde counties and members of the South Texas Chamber of Commerce Highway Committee.

Goals to be achieved in the discussion will be: 1) to educate these office holders and other businessmen on the problems faced in our transportation and to urge them to help make their state legislators aware of the state need; 2) to make them and the state legislators aware of the fact that Highway 90 is a well traveled thoroughfare; and 3) to urge them to advise their Congressmen and Senators of the urgent need for the passage of a federal Highway Bill.

Chamber sends appeal for trail recognition

Failure for planners of the Texas Trails to include Hondo in the Hill Country Trail has rankled feelings in the city and some feel it should be corrected.

And the Hondo Chamber of Commerce intends to try through a decision made by the Board of Directors.

This decision was to write

a letter to Frank Hildebrand, executive director of the Texas Tourist Development Agency in Austin. The letter reads:

"Dear Frank: Please consider this an appeal to a higher court on behalf of Hondo, Texas. We would like to present new evidence in the case of our

city vs. the planners of the Hill Country Trail.

"We believe we should be included on that trail and some of our reasons include:

"1. The Medina County Museum, a 75-year old Southern Pacific Railway depot converted into a historical museum, is now flourishing. It attracts quite a number of out-of-town people here. Each year on the first Saturday in May we hold a Museum Celebration Day which attracts several thousand people to the all-day festivities and antique auction.

"2. The Medina County Rodeo Association sponsors two rodeos each year, one in June and a youth rodeo later on.

"3. Deer, quail and dove hunting seasons bring some 8,000 hunters into our area and they provide a conservative \$2,000,000 economical shot in the arm. The Hondo Chamber of Commerce annually shows its appreciation by throwing a Wild Game Dinner which attracts about 1,000 people from all over the state.

"4. Our Hondo post card showing our road sign, which you will find enclosed, has attracted attention all over the world and has shown up in

Junior Livestock Show just around the corner

Medina County 4-H and FFA members are preparing 308 entries for the 1973 Medina County Stock Show to be held February 5 and 6.

A breakdown of the entries submitted by County Agent Glenn Bragg shows 40 steers, 10 pens of commercial calves, 160 lambs, 78 swine, 39 pens of 5 fryers and 32 capons.

The youth have been

working for several months feeding and caring for their animals in preparation for the annual event.

Bragg announced that the various divisions will be judged by the following people: Steers--Jack Lacy, Superintendent of Schools at Lampasas; Lambs--John C. Kercheville, Vocational Agriculture Teacher in Boerne; Swine--Karl Lehmann, Vocational Agriculture Teacher in Center Point; Poultry--Gerald Champayne, Assistant Professor of Agriculture at SWTSU, San Marcos.

The judge for the commercial steer division will be announced at a later date.

Show catalogs are in the process of being printed and will be made available at the stock show.

Ice laden limbs

Everything got a little cold around Hondo last week and this tree pretty well tells the story. On Thursday morning, January 11, everything lay under a gentle blanket of snow. But the snow was all that was gentle as temperatures went down to as low as 25 degrees and roads turned into

dangerous strips of ice. Everything stopped including school for two days. That is, everything except the children who enjoyed playing in the snow, something they rarely get to do in this part of the state. (Photo by Ted Mendoza)

WHAT WORDS

... can one say that will offer solace and comfort to those left behind when tragedy takes a loved one?

Pitifully inadequate, any thing that is said cannot penetrate the shocked grief and loneliness which envelope family members in an almost impenetrable shield.

Yet, said they must be, for time not only has a way of erasing the shock, but it also brings about an unique remembrance of the many well-meant, but awkwardly uttered words of condolence spoken by friends.

Tragedy has been vicious to Hondo since 1973 began and climaxed its harshness last Thursday with the untimely passing of Frank Vance in another of the long, long series of deaths brought about by the confrontation of train and automobile at railway crossings within our city limits.

In the short time I have lived in Hondo I came to know Frank Vance and held a closer bond with him than with many others in town. And so when I say my heart-felt regrets to all the families who have lost loved ones, I have to add a special feeling where Frank is concerned. Because, I feel I have lost a close friend.

FOLKS AT CASTROVILLE

... sure know how to throw a Chamber of Commerce banquet. Patricia and I represented the Hondo Chamber of Commerce at the Alsatian City's annual event Monday evening and had a wonderful time.

We met a lot of friendly neighbors, enjoyed a fine meal, heard a good talk and joined in the pride felt by all when some well-deserved awards were presented.

Elmer Kosub, athletic director at St. Mary's University, talked on the subject "Thank You, America", the central theme of which was "anyone in America can achieve success if they have and exercise Persistence, Initiative and Enthusiasm. "But without them," he says, "you have the many ills which beset our society today."

Kosub read a letter to the people of Castroville from Lawrence Welk, whose

August Saathoff celebrates 99th birthday Sunday

A coffee will be held Sunday, January 21, at Brown's Nursing Home to honor August Saathoff on his 99th birthday. Mr. Saathoff has resided there for the past ten years.

Born January 26, 1874 in D'Hanis, Mr. Saathoff has spent his entire life in Medina County. He was the first person admitted when Brown's opened, and he and his wife celebrated their 70th wedding anniversary while they both lived at Brown's.

The elderly gentleman has an exceptionally clear mind, and he delights in telling stories of earlier days in D'Hanis and Hondo, and his own experiences in growing up near Fort Lincoln north of D'Hanis.

The party will include coffee, punch and cake from

until 4 p.m. at Brown's. All friends of August Saathoff are cordially invited to attend.

Library news

Hondo Public Library has had numerous requests for such magazines as Atlantic Monthly, Saturday Review, New Yorker and Harper's, and does not have sufficient copies on hand to meet this demand. If anyone has old or new issues, the library would appreciate receiving them.

Martin Noonan has been of assistance in this respect with his donation of a large selection of Harper's and Atlantic Monthly magazines.

Other recent contributors were Mr. and Mrs. Robert L. Begeman, San Antonio, who brought in many books, paperbacks, children's books, textbooks and "Mother's Encyclopedia from A to Z", published by Parents magazine.

Magazines were received from Mrs. O. M. Redus, Luez Short and the Paul Kelly family. Mr. and Mrs. Norman Buechler gave us Wall Street Journals, books and magazines. Mrs. Redus also added to our decor with a vase of artificial red roses.

The Paul Kelly family presented two memorial books, "A Treasury of the World's Best Loved Poems" in memory of Dr. John Henry Meyer, and Arthur Hawkins' "Cook It Quick", dedicated to Mrs. Arthur Reinhardt.

Mr. and Mrs. A. D. Patterson donated National Geographic and Reader's Digest magazines. Several paperbacks were given by Mr. and Mrs. Mike Ball, Amarillo, and paperbacks and magazines were received from Mr. and Mrs. Tom G. Kuykendall. Ethel Meeks brought in an accumulation of Hondo Airport Annuals.

Mrs. Lottie Maw, librarian, again reminds members that the library needs those overdue books and that they may be left in the bookdrop if you are unable to get to the library during regular hours. No charge is made on these overdue books.

The library is open daily Monday through Friday, 11:30 a.m. to 8:30 p.m.

House rule changes include some made by Rep. Poerner

BY JOHN POERNER
Representative 45th District

The unanimous election of Price Daniel, Jr. opened the 63rd session of the Texas Legislature. The reform rules recommended by the Speaker were quickly adopted with few dissenting votes. I am pleased to report several of my earlier recommendations pertaining to rules reform were adopted in this measure and in particular, the limitation of conference committees to harmonizing differences between the House and Senate version of bills.

My recommendation for additional staffing in the Austin and home office of each legislator was also included in the resolution pertaining to administration. Two and one half employees in the Austin office as well as a secretary in the home office during the session is now possible. This is the first time in the history of Texas that a State Representative has been adequately staffed and it is a matter that has been urgently needed for proper representation. In this regard, I take pleasure in announcing the appointment of the following individuals: Mrs. Linda Browder as First Secretary; Mrs. Carlie Weber, Assistant Secretary and Public Relations Aide; and Mrs. Terry Angermiller as Secretary in the Hondo office.

As sponsor, I am delighted to announce the resolution inviting Governor-Elect

Dolph Briscoe to address the joint session of the Legislature on January 17 at 10:00 a.m. This will be the day following his inauguration and I, for one, will certainly be waiting for direction and guidance from the Chief Executive on the many issues confronting this session of the Legislature. I was also pleased to be appointed Chairman of the House Committee to Canvas the Election for Governor and Lieutenant Governor. Senator Charles Herring of Austin shared this honor with me and the results are as follows:

GOVERNOR: Dolph Briscoe, Democratic Party, 1, -

638,493; Hank C. Grover, Republican Party, 1,533,986; Ramsey Maniz, Raza Unida Party, 214,118; Deborah Leonard, Socialist Workers Party, 24,103; Others, 3,801. LIEUTENANT GOVERNOR: Bill Hobby, Democratic Party, 2,339,796; Alma Canales, Raza Unida Party, 130, - 626; Meyer Alewitz, Socialist Workers Party, 27,222; Others, 1,332.

The tally above was certified by the following committee members:

SENATE COMMITTEE-- Charles Herring, Chairman, Austin; A. M. Aikin, Vice

Chairman, Paris; Peyton McKnight, Tyler; W. E. Snelson, Midland; and Jim Wallace, Houston.

HOUSE COMMITTEE-- John H. Poerner, Chairman, Hondo; W. J. Blythe, Jr., Houston; Robert E. Davis, Dallas; Hawkins Menefee, Houston; and Ben Munson, Denison.

I have been appointed to the following committees: 1.) Education--by virtue of my seniority; 2.) Agriculture and Livestock; and 3.) Transportation.

family came to America from Alsace-Lorraine also.

Folks around the quiet town in the bend of the Medina River are proud of their new Regional Park and much of that pride comes from the fact that many people turned in much time along the road of achieving it.

They presented County Judge Jerome Decker and Al Notsen, director of the Alamo Area Council of Governments, with two unique awards for their efforts in helping obtain the park, which should be completed this year. They were presented inscribed pieces of planks that came from beneath the altar of the Old St. Louis Church. They were believed to be more than 110 years old (the planks not Decker and Notsen), and could have been milled at the first mill in Castroville.

Then the Chamber presented Mayor Sammy Tschirhart with a plaque showing the Castroville City Hall and an inscription thanking him for his service to the city since first going on the City Council in 1961.

It certainly was a fun meeting and Patricia and I felt honored to be representing our city.

HOW MANY MUSTACHES

. . . have you seen growing since the first of the year?

Maybe you haven't seen mine, but I am trying to grow one. And I believe it would do much better if Rex (I mean Gene) Harrison would stop embarrassing it with snide remarks. But, I'll forgive him since he seems to have started a mustache also.

Three men who completely disgust me with the fact that they can start a mustache today and tomorrow be two weeks ahead of me are Lupe Alvarez, Bob Peden and Tony Mendoza.

Art Forman even has one, but swears it was not started for Museum Celebration Day.

Let us know about others and we'll let the world know, because some people might be like me--if we don't tell about our mustaches here no one will ever know we are trying.

BYE THE WAY

. . . speaking of Museum Celebration Day, which is slated for May 5 (that's a Saturday) with the big Museum Antique Auction coming the next day, which is May 6, I guess, we need ideas and offers of help.

The next Museum Board meeting will take up this special day and any new ideas of activities that can be sponsored will be welcomed. Come on out to the Medina Co-op building that night at 7 p.m. and make your suggestions.

Nominations sought on outstanding salespeople

Salespeople play a vital role in bringing business to any specific store as well as influencing local residents to "Trade In Hondo."

In plain words, they are important! The Anvil Herald recognizes this and wants to interest you in joining in an effort to show them so. That is why we are sponsoring our "Outstanding Salesperson" contest.

The contest will continue through the next seven weeks in conjunction with the "Trade At Home" promotion being conducted by 34 local business places.

We want you to tell us who you feel is the most outstanding salesperson in town.

They do not have to work at the businesses participating in the "Trade At Home" promotion. They can work anywhere in town. They can be owner, manager, wife, husband or no relation at all.

Who's the most courteous? the friendliest? the best informed about what they are selling? the most helpful? most cheerful?

Help us name the three best salespeople and we'll give them a prize and feature them in the Anvil Herald with a story and picture.

Just clip the coupon below, name your nominee and mail it to: Anvil Herald, P. O. Box 400, Hondo, Texas 78861; or bring it by the office.

you build everything else for the soft life, why not soft water?

Most home owners today know all about the benefits of soft water.

They like it and they want it. And there's no reason why mobile home owners can't have it.

Softeners come in all shapes and sizes, including ones built especially to fit into tight spaces. Some manufacturers even build them especially for mobile homes.

Your customers will enjoy softer skin, softer hair, softer clothes and a softer time of it all around.

Which could make a soft sale out of any mobile home.

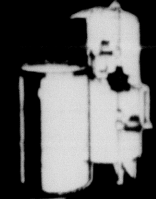

When you decide to install water softening units in your mobile homes, be sure to recommend the water conditioning products that keep them running smoothly. Morton's White Crystal, Morton Pellets, or Morton Super Pellets if rusty water is a problem.

When you decide to include water softening appliances along with other extras for the soft life, you'll be surprised at the different types and styles that are available.

You'll find models that are perfect for your mobile homes. Many reliable manufacturers offer product features you and your dealers will be interested in.

For cost figures, consult your local dealer. C & C Water Conditioning Co., "Your Local Dealer," 703 Zig Zag - Devine, Tex. 663-5233.

Soft water equipment works hard. Keep it working with Morton Pellets and Super Pellets.

This week

'All she wrote

by Edna McDade

Remembering what drouths can do, I'm not complaining but this city has had rain every day of this new year, including today (Jan. 10). All this without Dr. OBT to tell us when to wear out raincoats, but I'll bet he could have.

Winter is finally moving in and I'm already looking forward to spring. Our closeness to the Bay gives us an extra 3 or 4 degrees of warmth over the "inland" area. Sort of a fringe benefit.

So, the McDade crops have fared very well without getting involved in the farm controversy program. The last of the Kentucky Wonders were harvested this week. And the Jalapeno peppers have made things hot for the whole neighborhood.

A letter from WARD (Mrs. Paul) POPE tells me that the BOB (Susan) McGARITYs have been elevated to grandparental status. Welcome to BRIAN TRAVIS WILCOX who also has kinsfolk in Corpus Christi.

If Grandfather McG ever wears a hat, chances are his next one will have to be a size or two larger.

While on the subject of the stOrk realities of life, a note to myself reminds me that I failed to welcome DANIEL CARL REINHARD who discovered Goliad, Texas, Nov. 9 of last year. In less than about 20 3/4 years, he will be 21 years old! He is the No. 2 grandson of DAN and EVELYN HERRMANN of D'Hanis.

Daniel's Big Brother, STEVEN, was born in Germany where his parents, STAN and ELAINE (Herrmann) REINHARD spent a few years, courtesy of Uncle Sam.

LILLIAN (Lil Col C) PORTER must be following the good advice offered by an old hymn I remember from my earliest Sunday School days: "Brighten the corner where you are".

I noted her encouraging report of CC progress and plans in the new CHAMBER CORNER. Congratulations!

Hondo's new year seems off to a good start with NANCY (Mrs. Jim) FRIDLE heading Project Dream. It need not be the "Impossible Dream" if enough concerned citizens (who else?) rally to the cause.

Solemnity prevailed in the page one line-up of elected county officials as they posed for their "I do" ceremony. County Attorney Allen Lee, youngest in the group of pioneers, can now boast of having the most hair. However, the others can assure him that, with time, that, too will pass.

Missing from the group were the familiar faces of my friends JEROME DECKER, FRANCES BOHL, MICKY MECHLER and HENRY SCHULTE who must wait until after their next election to "Look handsome, please" for the photographer.

Sooner or later most of us have to admit that forgetting the "now" things and remembering those of long ago sort of sets in before we know it.

On sleepless nights, I play with words instead of counting sheep as recommended. Recently while so engaged, my mind backtracked to this: "His cogitative faculties immersed in cogibundity of cogitation".

Shades of high school English assignments! Suddenly, I was back in class in old Laredo High when our homework required a 3-page report on any English writer of the 17th century. I dug through the encyclopedia and came up with Henry Carey (1661-1743) who was actually half-way between centuries but eligible.

I fell in love with him when I learned that he had characterized his "Chrononhotonthologos" as "the most tragical tragedy that was ever tragedized".

Of course I didn't remember all this - just the tongue-twister quotation. But some after-midnight research reclaimed for me this now useless information.

Just shows what high school English can do for one some 60 years later! (Helps you go to sleep.)

The rising price of beef is causing complaints here as elsewhere. I like this story about what Edgar Bergen's Charley McCarthy said when he was asked what he taught about the high cost of living.

"Not much," he was quoted as saying, "but however high it goes, I want to keep on doing it!"

Chapa Furniture is 'in Hondo to stay'

Chapa Furniture has been serving the people of Medina County since July of 1969. Along with their two children, Norma Jean, 14, and Eddie, 9, they came to live in Hondo from Pearsall where E. J. Chapa is a native.

They brought with them ten years of experience in the furniture and appliance fields since Chapa Furniture has been affiliated with ten other furniture stores owned and operated by five other Chapa brothers.

The buying power between all Chapa Furniture Stores has been so that Chapa Furniture in Hondo is able to furnish quality appliances and furniture at considerable savings to their customers.

Immediately, after arriving, Mr. Chapa saw that something was badly needed in Hondo and Medina County. This was personal service for people that were in the market to purchase carpet for their homes and business es-

tablishments. Consequently in February of 1970, Chapa Furniture incorporated a full and complete carpet center where not only quality carpet could be obtained at reasonable prices, but also offered personal and expert installation.

Some of the best quality lines are available at Chapa Furniture. These are: Motorola Quasar TV's, Amana, Norge, Westinghouse and Admiral appliances. Another feature that puts Chapa Furniture above the rest is SERVICE. Chapa's will service everything they sell, and they will also service any other appliance whether you bought it at Chapa's or not.

Mr. Chapa has informed the Hondo Anvil Herald that they take this opportunity to thank all the people of Medina County for all their courtesies extended to his family. For these courtesies have surpassed any others that they

have come in contact with in other communities.

Because of the excellent community atmosphere the Chapas decided to make permanent family and business roots in Hondo. Besides buying their home they purchased the building where they are located and added 1500 square

feet of display area. This is in addition to other property investments that they have pursued since coming here.

Chapa agrees wholeheartedly with the Anvil Herald's campaign to encourage people of Medina County do their shopping as much as possible in the County.

OWNERS AND OPERATORS

... of Chapa's Furniture Store in Hondo are E. J. and Norma Jean Chapa, who are shown in their living room furniture showroom.

Pedens work for Hondo... in store and out

Peden's Rexall Drug in Hondo is a store dedicated to service in more ways than one. Providing the highest quality prescription drugs and patent medicines is one important way to see to the welfare of their customers, but after the doors close in the evening, its proprietors continue their role as public servants.

Mr. and Mrs. Robert Peden, both registered pharmacists, have combined their knowledge to present programs on drug abuse and health information for Hondo's schools and civic groups.

As pharmacists, both are interested in upholding the quality and ethics of their profession. To that end, they have both served as president of the Southwest Texas Pharmaceutical Association (Ann was the first woman president), and Bob presently heads the area SWTPA scholarship fund for students wishing to study pharmacy. Ann is active in the Hondo Garden Club and is a past

daughter-in-law, Laura Windrow.

Ann is the former Ann Howard, daughter of the late Dave C. Howard, who was a pharmacist in this area at one time. In fact, both Dave and his father had spent time filling prescriptions at Windrow's Drug Store. Ann's great-grandfather, grandfather, and father have all been pharmacists.

When the Pedens modernized the store in 1965, they provided a gift room in the back of the store, and they also have a complete baby needs department.

The cosmetics department includes famous brand names such as Coty, DuBarry, Helena Rubenstein, Caranome, Allercerme and Faberge.

Peden's Rexall Store has five courteous, efficient employees to see to the customer's needs. They are Verna Wells, Elena Sanchez, Mary Urrutia, Kathy Ball and Pauline Galindo.

Hondo Implement lengthens the 'Long Green Line'

"Our goal in this business is to provide better service to our customers than they have ever received before," said salesman Don Schur as he discussed the philosophy of Hondo Implement Company.

To that end, Hondo Implement Company and sister organization Bexar-Medina Implement Company in LaCoste have greatly expanded their shop and service crews, to help provide the quick, satisfying service which modern farmers need and expect. The two businesses combine a total of 20 salesmen, managers, and mechanics to service their John Deere customers.

The John Deere establishments in Medina County have an impressive history of almost a century and a half of service to ag producers. In fact, the Bexar-Medina Implement Company was recently

ly recognized as one of the six oldest continuous dealerships in the nation. The LaCoste company opened its doors for the first time at the turn of the century, operated at that time by the grandfather of E. J. Keller, a present partner in the business.

Keller, along with partners Elmo Pope and A. T. Schiffer of Hondo, brings the important factor of tradition to a forward-looking company such as John Deere.

The Long Green Line has been extended in the past year to include not only tractors and parts, but a whole new world of agricultural and recreational merchandise. And Hondo Implement Company has kept pace by incorporating the new Deere-labeled stock in their showroom.

Among the new products bearing the Deere signature are toys, bicycles, hand tools, clothing, power tools

LARGE SELECTION

... Louis A. Trouart (l) and Martin Calk look over the large selection of new products by John Deere at Hondo Implement Company.

such as chainsaws, and even meat smokers and waterless hand cleaner. All these are, or will be, available at Hondo Implement.

"We would like to see our business become a one-stop shopping center for farmers and ranchers," say the managers. "We'd like to see the farmers come in here to buy all their stuff."

Also new at both companies is the Certain-Teed Irrigation equipment, which is handled by irrigation expert Steve Nail. Nail is in charge of sales and installation of the best in plastic pipe

for irrigation farmers.

Illustrating the progress in 50 years of tractor sales, Schur placed a scale model of a new, four-wheel drive JD tractor next to a model of a 1920's era tractor which barely measured to the wheel hubs of the modern machine.

"Look here. Fifty years ago, this 20-horsepower tractor was the best available and today's tractor has almost nine times the power, or 175 horsepower. Fifty years from now, they may be plowing with airplanes, we don't know." They may be, but there'll be a runway alongside Hondo Implement Company.

City Auto likes Hondo

On New Year's Day, City Auto Supply celebrated its first anniversary in Hondo. Owner Bobby Joe Watkins is satisfied with the way things have gone for his business in his first year, and he looks forward to continued growth for his family-operated business in future years too.

Bobby and his wife, Ruth, moved to Hondo last year from San Marcos, where he

had had a N. A. P. A. parts store for twelve years. Market studies had indicated the need for a new parts store in Hondo, and he and his wife were glad to open the new business.

Since January 1, 1972, they have been joined by their son, Donnie, and son-in-law, Dwayne Hines, in the business here in Hondo. They have made Hondo their new home and have become a real part of the community since moving in.

City Auto Supply brings the entire nationally known N. A. P. A. line of auto and truck parts and accessories to Hondo in a store for the first time. Many Medina County mechanics and service station owners have been using N. A. P. A. parts for years, supplied by route salesmen. City Auto Supply makes an extensive inventory of parts for all engines available right here in Hondo.

In addition to parts, City Auto Supply carries the famous hand tool lines of Spar-ta and New Britain, as well as automotive and sports accessories.

Schuberts help H&R Block gain plaque

John and Sammie Schubert, Managers of the H&R Block Franchise office at 1607 Ave. K in Hondo have recently been honored with a plaque from their company.

The plaque was awarded for outstanding achievements by the Southern Texas Region of H&R Block. As a part of this region both John and Sammie Schubert contributed substantially to the overall regional competition for the past four years.

Recently John and Sammie Schubert attended a tax seminar in San Antonio to become familiar with the new 1972 tax forms and changes for the coming tax season. A change in the tax law this year will allow working couples

a more liberal deduction for child care. Up to \$4800 per year may be taken by couples who qualify for the deduction under the new rules. Another change this year allows a deduction for political contributions and also allows a taxpayer to designate one dollar, two if married filing a joint return, to go to the national political campaign fund and be designated for the party of his choice. These changes plus others will enable Mr. and Mrs. Schubert to give you - the taxpayer - the continuing timely and accurate preparation of your 1972 tax return, taking advantage of any of the new rules applicable to each individual.

Candlelight ceremony unites couple

A candlelight service at St. Paul Lutheran Church on the evening of December 23, 1972, was the setting for the wedding of Brenda Gay Kriewald and Larry Glynn Miles. The Reverend A. M. Hanne-mann officiated for the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Walter Kriewald of Hondo and Mr. and Mrs. Jack Miles of Gonzales. Given in marriage by her father, the bride's gown was fashioned with a high waist. The bodice was of re-embroidered Alencon lace with circular skirt of silk chiffon over satin and a long train. Her fingertip veil was fashioned of bridal illusion, lace and seed pearls. The bride carried a bouquet of yellow roses and white feathered carnations fashioned atop the white Bible carried by her mother at her marriage. Attending the bride as maid of honor was Miss Ellen Peters of Austin. Bridesmaids were Miss Linda Patteson of Nixon, Miss Sandy Saathoff of

Hondo, and Miss Mary Kay Marek of East Bernard. Dana Ritchie of Nixon was flower girl.

Their willow green dresses were fashioned with a velvet bodice and a skirt of Mirro-mist over tafeta. They each carried a single long-stemmed yellow rose. The flower girl carried a basket of yellow roses.

Serving his brother as best man was Marvin Miles of Orange Grove. Groomsmen were Ray McDonald of Brook-shire, Harry Pettus of Gonzales, and Glen Kriewald of Hondo, brother of the bride. Wilson Ritchie of Nixon was ringbearer. Ushers were Denny Patteson of Nixon, Stephen Fuhman and David Fuhman of Victoria.

The altar was adorned on each side with an arrangement of white gladiolas and yellow spider mums. Two three-tiered candleabras covered with pine were placed on each side of the altar. The pews were marked by candles in hurricane lamps.

Mrs. Chester Schmidt played the nuptial music and accompanied Cliff Jennings of Mathis who sang "O Promise Me" and "The Lord's Prayer".

A reception followed at the American Legion Hall. Serving at the bride's table were Misses Diane Schulte and Petra Graef. Serving at

Mr. and Mrs. Larry Glynn Miles

the groom's table were Misses Lanell Saathoff and Doris Wurzbach. Miss Linda Lutz attended the bride's book.

Following a short wedding trip to New Orleans, the couple is now at home in Hunter, Texas.

Here in Hondo

Mr. and Mrs. T. J. Harrell and children, Mitchell and Megan spent Sunday with his brother and wife, Mr. and Mrs. Billy Harrell. They stopped by the Harrells' on their way home to Littleton, Colorado, for a short visit.

PIONEER SEEDS

We're proud our seeds have earned the trust of farmers like these...

Edgar Saathoff recorded a yield of 4866 pounds on 160 acres of Pioneer 846. Next year it'll be Pioneer brand hybrids on 250 acres for Edgar Saathoff, Hondo, Texas.

W.W. Chapman got a yield of 2500 pounds with Pioneer 846 and only one rain on his dryland farm. He likes the standability and drought yield of 846. Next year 100 acres will be in Pioneer brand seed for W. W. Chapman, Leakey Rt., Sabinal, Texas.

Because we were the first company to commercially produce hybrid corn and with 17 years of work on sorghum, we know a lot more about hybrids and how to make crosses that really yield. We've had longer to test and re-test our varieties. We've stuck with some of our early crosses, and we keep developing new ones to fit every growing condition imaginable.

For Coastal areas where diseases are a problem we recommend these sorghum and forage varieties:

Pioneer Brand 8442 — resistant to downy mildew and anthracnose — strong roots and stalks — matures about the same as 846

Pioneer Brand 8150 — immune to downy mildew in all states — resist smut and anthracnose — a day or so later than 846

Pioneer Brand 846 — excellent drought resistance — good smut, rust, MDM resistance — unaffected by secondary downy mildew infestation — full season hybrid

Pioneer Brand 988 — sorghum sudangrass hybrid for pasture, greenchop, hay or haylage — ready to cut or graze in a little more than a month — regrows again and again all summer with adequate moisture and fertilizer

When you choose a hybrid for your land, choose one from the company that started it all...

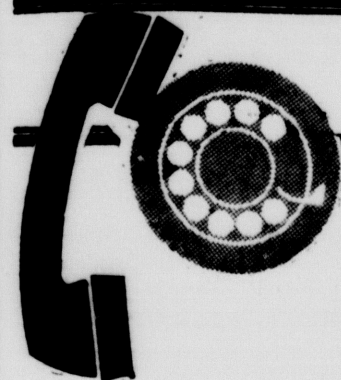

Pioneer is a brand name; numbers identify varieties. ®Registered trademark of Pioneer Hi-Bred International, Inc., Des Moines, Iowa, U.S.A.

A little late for Christmas

Christmas always is associated with snow, except in South Texas that is. But this Nativity scene certainly depicts a white Christmas. However, it

was just a little late since the snow fell on January 11. Yet, it still presents a beautiful scene. (Photo by Ted Mendoza)

Owls down Pearsall — lead district !!!!

The Hondo Owls, B-Team and Freshmen pulled off a clean sweep Tuesday night to put the Varsity at the top of the District 28-AA heap with a 67-63 win over the Pearsall Mavericks.

The Mavericks and Owls both entered the Hondo gym Tuesday evening with perfect records in district play. But something had to give, and by the final buzzer the Owls were the last team left with a clean slate.

Leading the scorers for Coach Dan Keath's team was Keith Ligon with 21 points, followed by Mike Groff with 16 and Doug Helvey with 15.

David Studdard of the Mavericks was the night's leading scorer with 30 points; Chuck Carroll added 17 and Steve Wilson scored 12.

Both the Hondo Owls and Pearsall Mavericks had posted District 28-AA basketball wins last Friday night to remain the district's only undefeated teams going into Tuesday's showdown match in the Hondo gym.

The Mavericks pounded Carrizo Springs 71-56 while the Owls were taking a close 65-63 win over the Devine Warhorses on the Devine

court. The Owls led all the way but the Warhorses rallied in the fourth quarter to out-score the Owls 20-12.

Keith Ligon took game scoring honors with 32 points as he scored 14 of Hondo's 18 points in the third quarter. Doug Helvey added 13 and Brian Finger 10 for the winners.

Bobby Beck led Devine with 14 points followed by Billy Ricks with 11 and 10 points each by Homer Hernandez and Noel Pompa.

The Owls also swept to victories in the B Team and Freshmen games. Hondo posted a close 6-point win over the Devine B Team but

the Freshmen scored a 40-20 win over the Devine Freshmen.

The Owls will complete the first round of district play Friday night when they travel to Dilley to face the Wolves. Tuesday, January 23, the Owls journey to Cotulla for their second match with the Cowboys.

Starting lineup

These five Hondo basketball players form the core of the district-leading team which so far has gone undefeated in district play. They are

(l-r) Ray Garcia, Keith Ligon, Doug Helvey, Mike Groff and Brian Finger.

Cowboys sink Comstock

The D'Hanis Cowboys put on a convincing show of strength Tuesday night at the D'Hanis High School gym as

they pummeled the Comstock High School team by a 60-47 margin.

The Cowboys led in every

quarter during the game, and held a 32-23 halftime lead.

In the third quarter both teams added 11 points to their total, but the Cowboys pulled away in the final quarter with 17 points to Comstock's 13, for a final score of 60 to 47.

Pacing the Cowboys attack was Bobby Joe Rothe, who dropped in a total of 28 points. He was followed by Spencer Burrell with 14 points, and Rodriguez with 10.

Leading the Comstock scorers was Raymond Skiles, who netted 20 points, and Jesse Stidman with 13 points.

Friday night, the Cowboys host Knappa in the D'Hanis gym, and Tuesday night they travel to La Pryor.

SPENCER BURRELL

Spencer Burrell named to Class B All State team

Spencer Burrell, a senior running back and linebacker for the D'Hanis Cowboys, was named to the All-State First Team defensive squad by the Texas Sportswriters Association.

Burrell helped lead the

Cowboys to the district championship, and they had hopes of competing for the first Class B State Championship ever.

But along about bi-district they met Chilton High School, and dropped the game 20-6 on a cold night in San Marcos. And Chilton went on to capture the State title with a 6-0 win over Windthorst in the finals.

That Chilton squad in-

cluded Aourtis Simpson, another All-State linebacker and Chilton's only representative to the State squad.

Another representative of District 14-B on the All-State roster was Cody Dutton of Rocksprings, who made the second team defensive lineup in the backfield. Dutton, a junior, was also picked on the All-West Texas Super Team selected by the San Angelo Standard-Times.

The All-State Class AA team for the 1972 season has been announced by the Texas Sportswriters Association.

Dominated by North Texas as players, the list includes a first-team defense representative of District 28-AA. Paul Jette of the Devine Warhorses made the first team as a defensive back. He performed dual duties during the season as defensive back and quarterback of the District Champion Warhorses.

Ironically, State Champion Bolling High School was not represented on either offense or defense of the first team, but Billy Wadde was honored as a second team offensive back.

After defeating Devine 27-12 in bi-district play, Bolling went on to capture the State title.

The list in full is as fol-

lows: First Team Offense: Linemen--Dennis Claybrook, Refugio; Kelly Vinson, Lubbock; Cooper; Mark Steinke, Mart; Joe Poindexter, Rockwall; Center--Lyndall Trout, Denver City; Ends--Ricky McKee, Coleman, and Mike Hale, Floydada; Quarterback--Roy Leach, Jacksboro; Running Backs--Zach Fry, Rockwall; Larry Johnson, Childress, and James Sykes, Goldsboro.

Faseler, Moreno letter at SWTSU

Lettermen for the 1972 football season and co-captains for next season have been named by Southwest Texas State University football coach Bill Miller.

Among the lettermen named were Morris Faseler, a defensive tackle from Hondo; and Hector Moreno, defensive end from D'Hanis.

Thirty-six lettermen were named along with co-captains Noe Gonzales of San Diego and Dennis Colvin of Kenedy.

Deer hides needed

James Honig and Glenn Dittmar hold one of more than one hundred deer hides collected by the Hondo Young Farmer Chapter this year. These hides are donated by area hunters and the Young Farmers sell the hides to help support many community agricultural activities such as the Medina County Junior Livestock Show and several technical short courses during the year. The Young Farmers will continue to collect hides through mid-January at Honig's Welding Service on U.S. Highway 90 east of Hondo.

Area men tour factory

Fifteen Medina County men returned last week from a field trip to Waterloo, Iowa and Moline, Illinois to view the production of John Deere tractors and implements.

The group was among nearly 400 farmers and ranchers from across the nation who paid their way to tour the John Deere assembly line. Hondo Implement Company and Bexar-Medina Implement Company sponsored the area group.

Among those attending were Glen Gooding, Harold

Faseler, Fred Yanta, Rene Van Damme, John Mueller, Glenford Boehme, George Persyn and James Riff.

Also attending were Franklin Muennink, Elmo Pope, Edwin Yanta, Henry Mueller, Henry Lee Keller, Carol Keller, and Steve Nail.

The men were flown by charter jet to Waterloo, Iowa and toured the John Deere factory there. From Waterloo, they flew to Moline, Illinois to visit the foundry and assembly plant in that city.

Band Boosters set Dinner-Concert

The Hondo Band Boosters will sponsor a turkey dinner and band concert to be held on Sunday, February 18, at McDowell School.

Dinner will be served from 11 a. m. to 1 p. m. to be followed by the band concert at 1:30 p. m. All 300 band students in grades 5-12 will be participating in the concert.

Band Boosters under the leadership of General Chairman Mr. and Mrs. Jim Jordan, Mr. and Mrs. Maurice Zerr and Mr. and Mrs. Rene Aelvoet are busy making preparations for this event and are planning on serving 2,000 or more people. Included on the menu will be turkey and dressing, cranberry sauce,

sweet potatoes, peas, slaw, hot rolls, and tea and coffee.

Proceeds of the dinner and concert will be used to partially finance a trip for the Owl Band and for other items that will benefit all band students.

Tickets are priced at \$1.50 and include both the dinner and concert. Plates will also be available to go. Tickets may be purchased from any band student. If you have not been contacted you may call the Band Hall and reserve your tickets.

"This is an excellent way for the community to support the band program and at the same time still receive something in return," a Chairman said. "Make your plans now to attend this event."

FHA play set for Jan. 28

The D'Hanis FHA Chapter will perform in two one-act comedies for the public on January 28.

The first comedy "He's Having a Baby" shows what would happen if the husbands had the babies and women paced the floor in the waiting room.

The second "Among Us Girls" in which two older married ladies, more experi-

enced on the subject, and an old maid, gives a newly married girl their viewpoints of marriage which are not the best.

The comedies will be presented in the High School Auditorium on Jan. 28 at 7:30 p. m. Admission will be 50¢ for adults and 25¢ for students.
